CAP and TJC Considerations for Risk-Based QC Practices and Preparation Tips for POC Testing Programs

The Critical and Point-of-Care Testing Division is excited to host its 12th Annual Point-of-Care (POC) Coordinators Forum in Chicago, IL on Thursday July 31st, 2014.

The POC Coordinators Forum is an educational event and this year's program will highlight current accreditation organization efforts and updates related to POC testing quality control practices based on risk management principles. Emerging strategies in POC testing for utilizing risk assessment findings in the development of quality control and quality assessment plans will be discussed by a panel of experienced POC Coordinators.

Speakers:

- Jean Ball, MBA, MT(HHS), MLT(ASCP)
Inspections Team Lead, College of American Pathologists
- Stacy Olea, MBA, MT(ASCP), FACHE
Field Director, The Joint Commission
- Panel of experienced Point-of-Care Coordinators

Registration fee: \$20 / person
